Cooperage VICARD

Out from our portfolio we can offer you also wine-barrels from the VICARD-GROUPE in Cognac, France. The cooperage was found in 1925 in the city of Cognac in France. The sons from Jean Vicard, Jean-Charles and Jean-Louis Vicard manage VICARD in the second generation.

Due to new investments and innovations VICARD continuously grow and produces today around 60.000 barrels per year. 70% of these barrels are for the Export to Italy, Spain, USA and southern hemisphere.

On a surface-area of 12 ha - 6 ha are only for the wood-stocking - VICARD has established one of the most modern cooperages worldwide.

Barriques are available in following sizes:

Volume: 225, 228, 300, 350, 400, 450, 500, 600 und 700 ltr

The name Vicard guarantees:

- ✓ a **36 months stocking** of all wooden staves before starting the further processing (important for stabilizing of the wood-staves and bad tannins will disappear)
- ✓ a **computerized technology for the toasting-process** (guarantees a homogenous, replicable toasting)
- ✓ a special **micro-perforation treatment** (Vicard patent) of all wooden staves, so that **no blisters** can occur under the wood
- ✓ a free of charge **branding by laser** is included in the prices (also for each barrels)
- ✓ for each wine the right barrel - For that Vicard has 70 different kinds of barrels
